

HEALTH EXAMINATIONS

New Employees

The Chief Human Resources Officer or designee shall ensure that new Monterey County Office of Education (MCOE) employees comply with all the health examination requirements of California law.

Continuing Employees

Continuing employees shall undergo periodic tuberculosis tests once every four years in accordance with law, and submit proof of freedom from tuberculosis to the Human Resources office. [Education Code (EC) 49406]

Employees may be required to pass a physical and/or psychological examination any time such an examination appears necessary to preserve the health and welfare of MCOE students and employees or to furnish medical proof of physical or mental ability to perform satisfactorily the assigned duties of an individual's position. [EC 44839, 45122]

(cf: 4119.41,4219.41,4319.41 – Employees with Infectious Diseases)

Tuberculosis Tests

No applicant shall be initially employed in a position unless he/she has submitted to an intradermal or other tuberculin test licensed by the Food and Drug Administration within the past 60 days and, if that test was positive, has subsequently obtained an X-ray of the lungs. The applicant shall submit to the MCOE Human Resources office a certificate signed by the examining licensed physician indicating that he/she is free of active tuberculosis. [EC 49406; 5 CCR 5503]

The cost of the pre-employment tuberculosis examination shall be paid by the applicant. An applicant who was previously employed in another California school or County Office may fulfill the tuberculosis examination requirement by either producing a certificate showing that he/she was examined within the last four years and found to be free of active tuberculosis or by having his/her previous school or County Office employer verify that it has on file a certificate which contains that evidence. [EC 49406]

Once hired by MCOE, employees who test negative on the initial intradermal or other tuberculin test shall undergo a tuberculosis examination at least once every four years, or more often if so directed by the Chief Human Resources Officer upon recommendation of the county health officer, for as long as the employee's test remains

negative. An employee with a documented positive test for tuberculosis infection shall no longer be required to submit to the examination and shall be referred to the county health officer within 30 days of the examination to determine the need for follow-up care. {EC 49406]

Tuberculosis tests for employees shall be provided by MCOE or at MCOE expense. [EC 44839(b), 45122, 49406]

If an employee's religious beliefs prevents him/her from undergoing a tuberculosis examination, the employee shall file an affidavit stating that he/she adheres to the faith or teachings of a well-recognized religious sect, denomination, or organization and, in accordance with its creed, tenets, or principles, depends for healing upon prayer in the practice of religion and that to the best of his/her knowledge or belief he/she is free from active tuberculosis. In order to exempt the individual, the Chief Human Resources Officer shall determine by resolution, after a hearing, that the health of students would not be jeopardized. [EC 49406]
