

MISSION AND VISION

Mission Statement

The mission of the Monterey County Board of Education, as elected officials in a society where public education is essential to a strong and vibrant nation, is to serve the community by sustaining an exceptional educational climate through mutual support of the county Superintendent of Schools and the educational programs under the jurisdiction of the Monterey County Office of Education.

Vision

To champion excellence in education, the Monterey County Board of Education lends its support to the County Superintendent of Schools in this endeavor by assisting in preparing the county's diverse students for success in the interdependent world of the future.
