

REPAIRS TO REAL PROPERTY

Repairs, other than emergency, which are subject to bid and not in the budget, require Monterey County Board of Education (County Board) approval for a budgetary appropriation prior to the bid process.

Repairs to real property funded in the annual budget or revised budget shall not require prior County Board approval.

If any repair of real property requires bids, the results of the bid shall be approved by the County Board prior to contracting for any work to be done.

Emergency real property repairs allowed under Public Contract Code 20113 do not require County Board approval. However, a report will be made to the County Board on the necessity and the outcome of the repair.
