

CONCURRENT ENROLLMENT IN COLLEGE CLASSES

The Monterey County Board of Education desires to provide opportunities for eligible Monterey County Office of Education (MCOE) students to enroll concurrently in courses offered at postsecondary institutions in order to foster individual student achievement, increase opportunities for students to complete college preparatory course requirements or career technical education preparation, and prepare students for a smooth transition into college by providing exposure to the collegiate environment.

(cf. 6143 - Courses of Study)
(cf. 6178 - Career Technical Education)

When it is determined that the postsecondary course in which the student intends to enroll is substantially equivalent to a course provided by the MCOE, the student may receive credit toward high school graduation requirements in addition to credit received from the college.

(cf. 6146.1 - High School Graduation Requirements)
(cf. 6146.11 - Alternative Credits Toward Graduation)
